Veterinary inspection

Veterinary inspection takes place at the designated location from 07:00 AM to 09:00 AM on Thursday, and from 07:00 AM to 08:00 AM from Friday to Sunday. Participants in the first class have priority IF they are present at 07:00 AM. *NOTE! All horses must be inspected by a veterinarian every competition day. Inspection times will be communicated. All horses must be vaccinated against influenza. The basic vaccination consists of three vaccinations (A+B+C) with an interval of 20–60 days between A and B.

After the B–vaccination, the horse is eligible to compete. The interval between B– and C–vaccination is 120–180 days. After the C–vaccination, the horse remains eligible to compete. Subsequently, the horse must be revaccinated (R) within 365 days to maintain eligibility. To compete, at least seven days must have passed since the last vaccination (B, C, and R). For example, if the horse is vaccinated on a Thursday, it can compete the following Friday. The change in the interval does not affect vaccinations administered before January 1, 2024.

Ethical Rules

The correct number must be visibly worn during riding and lunging. The horse's passport must be brought to the competition and should be able to be presented during veterinary inspection or upon request. Horses must be vaccinated against equine influenza.
